Tul's Sponsorship to the Canada Pavilion of EXPO 2005 Aichi Japan

TAIPEI, TAIWAN (March 25, 2005) – Tul Corporation today proudly announces the sponsorship to the Canada Pavilion of The 2005 World Exposition, Aichi, Japan, taking place from March 25 to September 25, 2005. Tul donates 300 the latest and top-of-the-line graphics cards to the Cyber Explorer, featuring interactive consoles and screens, so that visitors to the EXPO 2005 can experience virtual tours to Canada directly from Japan.

The 'Cyber Salon' is a multimedia forum in which visitors explore the content of the Canada I-Net, providing visitors with a high-impact audio-visual experience via its Cyber Explorer modules. Each user is able to go through a guided tour through a 3D environment populated with the sights and sounds of Canada.

"We are thrilled to have this opportunity to participate in this remarkable EXPO 2005 and the significant Cyber Salon at Canada Pavilion. Not only proving our abilities in graphics cards and technologies once again, we also demonstrate the close partnership with the Canadian government and our continuous contributions to the society," said Ted Chen, C.E.O. of Tul Corporation.

The Canada Pavilion welcomes more than 3.3-million visitors over the course of six-month World Exposition in Aichi, Japan. With the theme 'NATURE'S WISDOM' this year, the whole EXPO 2005 is expected to attract approx. 15-million visitors to this prestigious event.
