## Presenting the best solutions at Computex 2005

*Tul celebrates its excellent achievement in product innovation and quality!*

TAIPEI, TAIWAN (May 20, 2005) – Tul Corporation today officially announces its participation in one of the largest IT tradeshows of the year – Computex Taipei 2005. This year, Tul will present the theme – “**Let’s Celebrate at Tul Café!**”, and showcase its latest solutions in graphics boards, motherboards and multimedia products to the worldwide buyers and users in booth F252, Hall 2 from May 31<sup>st</sup> to June 4<sup>th</sup> at Taipei World Trade Center, Taiwan.

Remaining the style at CeBIT, Tul’s booth is designed with an open space to offer the customers and press a free, relaxing and an interactive atmosphere. Taking *Tul Café* as a main theme in decoration, the booth primarily uses red and white colors in demonstrating its corporate identity.

As for product solutions, Tul will demonstrate its complete graphics boards with ATI’s chipsets and technologies, from the price-performance to enthusiastic segments, in both live systems and static displays. New products include the recently revealed PowerColor GameFX Series with 512 MB solutions and the latest Bravo X700 with DDRII edition. It is also worth to mention that Tul will reveal its distinctive software technology applied on the multimedia products. Ted Chen, C.E.O. of Tul Corporation, states, “More than a No. 1 in graphics cards maker, we also position ourselves as a total solution provider in motherboards and multimedia products.”

Moreover, users will be able to enjoy the pleasures from experiencing total of five sets live systems this year. The demo includes the most powerful graphics boards that customers can ever get nowadays, as well as the best platforms and home entertainment solutions with Tul's Theater 550 PRO and XPRESS motherboards series.

Tul has the advantages of joint-promoting its brand and products with major vendors like ATI Technologies, CyberLink Corp. and Infineon Technologies this year. Along with these close business partners, Tul will celebrate its excellent achievement in product innovation and quality at Computex 2005.
